Tchavchavadze Avenue, Tbilisi, 0179, Georgia

Annotation

Despite its small area, Georgia is distinguished by a variety of landscapes, culture, history, traditions, although currently none of the types of cultural landscape are recognized by UNESCO. Protection of the cultural landscape should be an important task for any country and society, as a legacy for future generations.

The paper discusses various aspects of the cultural landscape based on the example of UNESCO, world experience in this field and possible examples from Georgia for nomination.
